

Dear Parents / Carers

We celebrate **Father's Day** this Sunday, 3rd September, 2017. On this day we think of the strength of a father, his guiding hand, his wisdom, his help and his unconditional love for his children.

God the Father gave up his only Son, Jesus Christ, so that we might be saved through him and have eternal life. He provides an example of the very vocation of 'fatherhood.' Fathers make many sacrifices for their families.

They do this by:

- *Being a spiritual leader and guardian of their children*
- *Praying for and with their families*
- *Being a courageous witness to living the Gospel*
- *Providing care and support for their families*
- *Serving as an example of goodness and truth*
- *Leading with courage and accountability*

Today, in a special way, let us be grateful for:

- *Our fathers, by birth or adoption, who love us and support us through life*
- *Our Church leaders, who take on the paternal role of guiding us through life*
- *And God our Father, who will always teach justly and grant us boundless mercy and love.*

On behalf of the students and staff of St John's I would like to wish all our fathers and father figures a relaxing Father's Day. On Sunday your children are looking forward to giving you a lovely gift that they purchased from the St John's Father's Day Stall. I would like to take this opportunity to express my gratitude to Mrs Stone and Mrs Boljtes for organising the stall and to the many mothers who assisted them. Your efforts and care of our children is greatly appreciated.

To celebrate **Father's Day** we invite all Dads to come to a special Father's Day liturgy on Friday 1st September, commencing at 1.45. The liturgy will be followed by an afternoon tea. We hope all Dads (or significant males) are able to join us. *All are most welcome!*

This Friday *Jenella Mendoza and Kaitlyn Bentley* are representing St John's at our cluster Voice of Youth Competition. Bronte Peter is our back-up competitor in case Jenella or Kaitlyn withdraw due to unforeseen circumstances. Please join with me in wishing our girls the best of luck. I know they will try their best and do us proud.

Last week our school community celebrated Book Week. Students, teachers and parents took part in a number of activities; a book parade, a presentation of the text 'Gary' performed by Meerkat Productions, rug reading, with parents/carers and teachers, open classrooms and a picnic lunch. Thank you to our parents / carers for taking the opportunity to visit your school and supporting your children in their learning.

Our Spring Fete is only a few weeks away. It is going to be a fabulous day thanks largely to the commitment and very hard work of some very generous parents of the School Community Group. The Spring Fete will commence at 10.00am. Our choir will be performing at 11.00am. We would like the children to assemble in the hall at 10.45. We would very much appreciate your support in getting the children here at that time. The SCG have a number of vacancies on some of the stalls so if you can spare an hour or so to assist please ring the office and we will place your name on the roster or alternatively you might like to ring Pauline Boltjes on 0414 423 914 or Jessica Stone on 0416 072 425.

I am really looking forward to the day and I thank you in anticipation of your support.

In the last few weeks there has been a number of disagreements between some children over the use of, and ownership of 'Pokemon' cards. As this situation is causing disharmony and in some cases distress to some children the teachers have made a decision to ban Pokemon cards from school.

We ask for your support in this matter.

*God Bless,
Patricia.*

Father's Day Liturgy

On Father's day we celebrate the gift of Fathers and other significant males in our lives. We take this time to acknowledge and thank them for their love, guidance, patience and understanding.

Our Father's day Liturgy will be held this Friday 1st September 2017 at 1.45 p.m. in the hall, followed by an afternoon tea. It would be great to share this liturgy with many fathers and grandfathers.

What makes a Dad?

God took the strength of a mountain,
the majesty of a tree,
the warmth of a summer sun,
the calm of the quiet sea,

The faith of a mustard seed,
The patience of eternity,
the depth of family need,
Then God combined these qualities.

The generous soul of nature,
The comforting arm of night,
The wisdom of the ages,
The power of the eagles flight,
The joy of a morning in spring,

When there was nothing more to add,
He knew his masterpiece was complete,
And so, He Called it.....DAD

St. John's Values Awards:

Last week saw the introduction of our new St. John's Value Awards. Stewardship was the first award. Stewardship is when we display grateful and responsible use of resources and looking after God's creation. The Values Award for week 7 will be Compassion - which is displaying an understanding of the needs of others and giving unselfishly. In week 8 the Values Award is Dedication - doing the absolute best we can for God.

Happy Hands:

Our happy hands behaviour program has also been implemented. You may like to ask your child if they have received a happy hand. Take the time to also talk to them about how they can receive a happy hand by displaying appropriate behaviour on the playground.

Social Justice - Peace

'Peace, however, is not merely a gift to be received: it is also a task to be undertaken. In order to be true peacemakers, we must educate ourselves in compassion, solidarity, working together, fraternity ...'

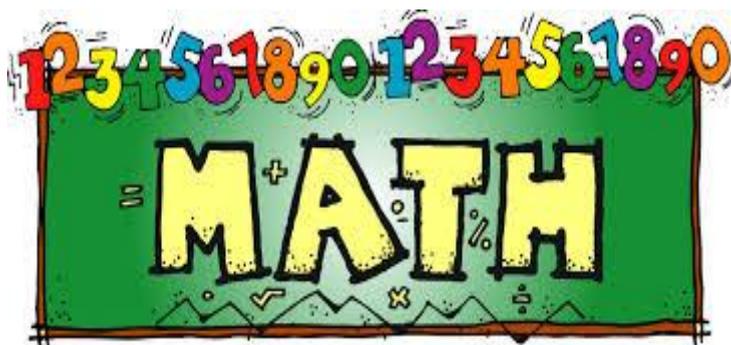

Pope Benedict XVI, Message for the World Day of Peace, 2012 (# 5)

Our world today is faced with many issues. Innocent people are getting hurt by the actions of others. We need to pray for and work for peace in our world. Let us model to our children how we can be peacemakers in our own lives and talk to them about why being a peacemaker is so important.

Growth Mindset at St John's

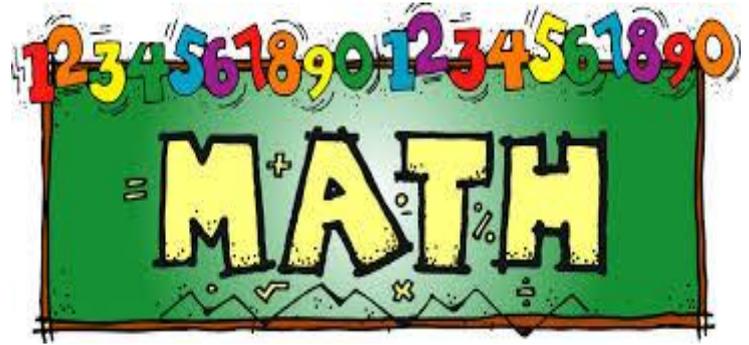

25 Ways to Develop a Growth Mindset

By Saga Briggs 2015

1. Acknowledge and embrace imperfections. Hiding from your weaknesses means you'll never overcome them.
2. View challenges as opportunities. Having a growth mindset means relishing opportunities for self-improvement.
3. Try different learning tactics. There's no one-size-fits-all model for learning. What works for one person may not work for you.
4. Follow the research on brain plasticity. The brain isn't fixed; the mind shouldn't be either.
5. Replace the word "failing" with the word "learning." When you make a mistake or fall short of a goal, you haven't failed; you've learned.
6. Stop seeking approval. When you prioritise approval over learning, you sacrifice your own potential for growth.
7. Value the process over the end result. Intelligent people enjoy the learning process and don't mind when it continues beyond an expected time frame.
8. Cultivate a sense of purpose. Dweck's research also showed that students with a growth mindset had a greater sense of purpose. Keep the big picture in mind.
9. Celebrate growth with others. If you truly appreciate growth, you'll want to share your progress with others.
10. Emphasise growth over speed. Learning fast isn't the same as learning well and learning well sometimes requires allowing time for mistakes.
11. Reward actions, not traits. Tell students when they're doing something smart, not just being smart.
12. Redefine "genius." The myth's been busted: genius requires hard work, not talent alone.
13. Portray criticism as positive. You don't have to use that hackneyed term, "constructive criticism," but you do have to believe in the concept.
14. Disassociate improvement from failure. Stop assuming that "room for improvement" translates into failure.

Growth Mindset at St John's

15. Provide regular opportunities for reflection. Let students reflect on their learning at least once a day.

16. Place effort before talent. Hard work should always be rewarded before inherent skill.

17. Highlight the relationship between learning and “brain training.” The brain is like a muscle that needs to be worked out, just like the body.

18. Cultivate grit. Students with that extra bit of determination will be more likely to seek approval from themselves rather than others.

19. Abandon the image. “Naturally smart” sounds just about as believable as “spontaneous generation.” You won’t achieve the image if you’re not ready for the work.

20. Use the word “yet.” Dweck says “not yet” has become one of her favourite phrases. Whenever you see students struggling with a task, just tell them they haven’t mastered it yet.

21. Learn from other people’s mistakes. It’s not always wise to compare yourself to others, but it is important to realise that humans share the same weaknesses.

22. Make a new goal for every goal accomplished. You’ll never be done learning. Growth-minded people know how to constantly create new goals to keep themselves stimulated.

23. Take risks in the company of others. It will make it easier to take risks in the future.

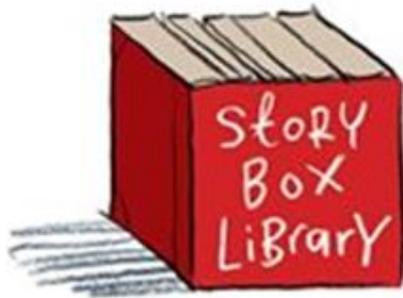

24. Think realistically about time and effort. It takes time to learn. Don’t expect to master every topic under the sun in one sitting.

25. Take ownership over your attitude.
